Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital." — Mrs. E. Sheldon, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

"WHY WOMEN CANNOT SLEEP."

The highly organized, finely strung nervous system of women subjects them to terrors of nervous apprehension which no man can ever appreciate.

The peace of mind, the mental poise and calmness under difficulties, which is only possible when the sensitive feminine organism is in a perfectly healthy condition. If there be any weakness or derangement in this respect no remedy in the world so completely restores womanly health, nervous vigor and capability as the wonderful "Favorite Prescription" invented by Dr. R. V. Pierce. It purifies, heals and strengthens; insures functional regularity; provides physical reinforcement and sustaining power at periods of special weakness and depression.

Covington, Ky. — "For about twenty years I have known of Dr. Pierce's Favorite Prescription. I began using it because a friend recommended it. When run down, nervous and dragging around I used several bottles of this well-known remedy. It always helps me just as it is advertised to do. It is the most pleasant and the best woman's medicine I have ever used. I have recommended it to several others. My daughter has also used it with just as good results as I have." — Mrs. LUCRETIA GIBSON, 1338 Greenup St.

Mr. and Mrs. Melvin Collier, Prof. Hatfield and Miss Clara Collier formed a pleasant party that motored to Lancaster a few days since to attend the Chautauqua. They report a most pleasant time.

Mr. and Mrs. S. Cummins and son went to New Albany, Indiana on a visit to relatives and spent a most pleasant time.

Mrs. M. E. Fish and Montez Fish and Billy Pettus came home from Louisville Tuesday. Montez was very much missed so of course every one is glad of his return.

Mr. Edward Edmiston is home from school in Louisville to spend some time with his parents and friends. He made a fine record while away and his friends are very proud.

Mr. Walter Goodwin and wife and Misses Mayme Holman and Jewel Goodwin went to the Chautauqua at Lancaster Tuesday and report a most instructive program and splendid music.

A Woman's Club has been organized here with several members and more to enter soon. Its object is not as some have tried to circulate, to combat the rights and privileges of any one but to follow exactly the line mapped out by other Clubs. The betterment of conditions sanitary and otherwise of our town and we feel sure we have both the sanction and co-operation of all the betterment of our people in this work.

Miss Irene Manuel left Sunday for Lebanon Junction, where she will remain some time with her grandparents, Mr. and Mrs. Magruder.

Mr. and Mrs. Birney Fish and baby, of Somerset visited his mother and other relatives here for several days this week. We are always glad to welcome them here.

Mrs. Caltha Newland has been quite sick several days with symptoms of fever. Dr. Edmiston was called in and she is some better.

Mr. J. B. Pope, of Lincoln, Neb., visited his cousin, Mrs. J. Thomas Cherry. Mr. Pope lives neighbor to W. J. Bryan and holds him in highest esteem as one of our greatest statesmen. Mr. Pope was born in Brodhead, which place he left fifty-four years ago and which only had three dwellings at that time and no railroad, so his native home was as a strange land to him and only one house there looked the least bit familiar. He has traveled over most of the United States and is a noted real estate man.

Mrs. Katherine Magee has been suffering with a bilious attack but is improving.

Mrs. Pete Telfrey, (nee Bess Reynolds,) returned from New Castle, Indiana, Sunday to visit her parents, Mr. and Mrs. Sam Reynolds.

Jailor George De Borde and wife, of Stanford visited their sisters and brothers Sunday last.

Miss Grace Yancy, from Owen town, Ky., is the very attractive visitor of Miss Mary Gaines.

Miss Bird Perkins is at home from Hamilton College, Lexington, where she took a thorough vocal course in music.

Rev. Clere, of Lancaster, gave his lecture on "Common Sense" to a most appreciative audience at the Baptist church last Friday night.

His main idea was that in all business and social stations of life "Common Sense" is often lacking and that sometimes those having attained the highest rounds on the educational ladder have no common sense ideas about anything practical. He is a favorite speaker here and his witticisms were original and enjoyable.

The baby daughter of the late Mrs. Sprowle, of Brodhead is visiting her aunt, Mrs. Agnes Herrin.

The business men have kindly consented to close their establishments at 7 P. M. in favor of the Revival Meeting at the Christian church.

This meeting began Monday night and is being conducted by the pastor, Rev. Wyatt, who is assisted in his work by his father, Rev. Wyatt, of Carrollton and Rev. Arnett, of the Transylvania school of Lexington.

The singing is fine, special songs being sung at each meeting are much enjoyed and are a great inspiration in the services.

Much interest is being manifested and three additions to date. You can't afford to miss any of these meetings and will feel better for being at them. Brother Wyatt is doing

WHAT CAN YOU DO FOR CATARRH?

Ask Yourself the question. How often has the doctor failed, as have ointments, salves, vapours? What you should do.

The easy, common-sense method—that costs so little—that is so quickly and vigorously effective—is often the last resort of many Catarrh sufferers. Why, it is hard to say. One of the specialists of the Swift Specific Company in Atlanta—a physician of standing and national reputation because of his knowledge of blood disorders, made the assertion that if the majority of Catarrh sufferers would buy and faithfully take S. S. S., they could effectually get rid of Catarrh.

S. S. S. goes straight to the seat of trouble, the blood. It spreads its influence over every organ in the body, comes through the veins and arteries, enables the mucous surfaces to exchange acids and irritating substances for red blood corpuscles that effectually cleanse the system and thus put an end to all Catarrhal poison. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-

Impossible To Get So Much Motor Car Value For The Money

WE FIND this is the attitude of many people who come into our salesroom—before they know anything about the Maxwell.

Not until the Maxwell is shown and demonstrated to them—until they sit in it and examine the finish—until they ride in it—or perhaps not until they drive it themselves, do they realize what a tremendous value is offered in the Maxwell car.

It is not unusual that Maxwell value should not be known to everyone, because it is uncommon to find such a car for a good margin more than the Maxwell price.

The Maxwell stands absolutely alone in a highly competitive field, for the amount of value it offers for the price.

Appearance—The lines of the Maxwell are decidedly attractive. There is no break in the contour from the radiator to the back of the car. The fenders are gracefully shaped. All metal parts are enameled or nickel-plated. The upholstery is deep and well-finished. From any angle it is a car that the owner can be proud of.

Motor—The engine in the Maxwell car is not equalled by any other four-cylinder engine of its size. And we know of larger and more expensive cars that have less able power plants. The Maxwell engine carries its load through mud and sand or over the steepest grades without a falter.

Quality—The materials in the Maxwell car are the best that can be bought and the workmanship that turns them into finished parts is no less excellent. It is only the large production of the Maxwell factories that makes it possible to put such quality of materials and workmanship into a car selling at the Maxwell price.

Economy—With its other attractive features, the Maxwell is a most economical car to own. Owners get 22 to 25 miles per gallon of gasoline and 8,000 to 12,000 miles per set of tires. And the car is so durably built that repair expense is negligible.

We are sure you want a car such as we have described the Maxwell to be. If you will give us a few minutes of your time we are sure we can convince you that the Maxwell Car is an exceptional value. Come in today.

Four years ago honest Republicans differed honestly as to grave matters of state policy. Now they are expected to get together without any of those questions having been settled. Whether conservative or progressive, they are expected to vote to "beat Wilson." Tens of thousands of them will not be content thus to bury a fight for principle under the inglorious cover of a rush for pie.

Mrs. R. M. Carpenter, of New Castle, Ind., is the guest of friends and relatives at Hustonville.
